

**SUMMER PD OPPORTUNITY
June 30th at
Richland Community College**

DAY WITH CNC MACHINING INTRODUCTION

Please join us in-person for a hands-on workshop to explore, discuss, and create activities with 3 and 4 axis cnc machines. This workshop will be focused on part manufacturing and assembly of a Scotch Yoke mechanism and use activities in the classroom to excite students in the field of CNC machining from blueprint reading to manufacturing to assembly.

Lunch provided.

Where: Richland Community College

When: Friday June 30th

Time: 10am - 2pm

CPDUs available
